

P4	Mind Map	Team Worksheet
----	----------	----------------

Project Task

Create a mind map providing an overview of your topic and illustrating its complexity, related subtopics, key information, and relations between the different subtopics and ideas.

Samples

These sample maps were created by HTW students. They used free web applications like **xmind** (<http://www.xmind.net>) or **Bubble.us** (<http://bubbl.us>) to visualise their research outcomes.
